INTERNATIONAL ASSOCIATION OF DEFENSE COUNSEL ANNUAL TRIAL ACADEMY

JULY 29 - AUGUST 4, 2017

STANFORD LAW SCHOOL

PALO ALTO, CALIFORNIA USA

WHAT PAST ATTENDEES HAVE SAID ABOUT THE IADC TRIAL ACADEMY

"The Trial Academy has transformed the way I practice law. With few opportunities for trial for younger lawyers, the Trial Academy is an essential tool not just for developing trial skills but for also more effectively litigating a case before it reaches trial. Thoroughly understanding the trial process cannot be underestimated when representing our clients."

Kaitlin Madigan
Weston Hurd, LLP

"Being exposed to so many great styles and techniques via some of the best trial lawyers out there practicing today was a great experience, and really creates the opportunity for every single person to take away not only a better theoretical understanding of the different aspects of a trial, but also specific skills that they can use in trial."

Christy Samansky Hawkins
Haltom & Doan

"Trial Academy provides a good mix of hard work, learning, and networking with other attorneys in similar practices. You'll walk away with a better understanding of what it is to be a trial lawyer and with lifelong connections."

Bob Plunkert
Pitzer Snodgrass, P.C.

"The IADC Trial Academy provided us an opportunity to learn from leading trial counsel from around the country and to apply what we learned alongside of tomorrow's leading trial counsel."

Michael J. Wozny
Lavin, O'Neil, Cedrone & DiSipio

A WEEK OF INVESTMENT FOR IMMEDIATE AND LIFELONG BENEFITS

The International Association of Defense Counsel Trial Academy is the preeminent defense trial advocacy training program and is a career-changing opportunity for lawyers both looking to practice fundamental trial skills and seeking to take their techniques and tactics to the next level.

It is a seven-day, intensive program that blends small group faculty instruction and demonstration with individual student participation. Its proven formula of hands-on, experiential learning accelerates the development of trial skills in a relatively short period of time. Choosing the IADC Trial Academy for you and your firm provides:

A Track Record of Success in Creating Confidence in the Courtroom

Since 1973, more than 3,800 students have attended and have come away with greater confidence and more sophisticated litigation skills that will benefit them and their firms for the balance of their professional careers.

Instantaneous Return on Investment

In today's environment, it is more important than ever to have experienced and skilled lawyers working for your firm. The complexity and value of cases have escalated. Your lawyers need to get up to speed quickly. The Trial Academy provides a week of faculty demonstrations by lawyers recognized as the best civil defense litigators followed by practice, practice, and more practice for students.

Digitally Recorded Documented Progress

Students are recorded while conducting mock opening statements, direct and cross examinations of lay and expert witnesses, and closing arguments. This provides the invaluable opportunity for students to see themselves as others see them, allowing them to identify their own strengths and weaknesses and objectively look at their performance without relying on memory. Students will return to the office with recordings of their exercises plus a feedback letter that will provide the partners who direct their efforts with a tool to better utilize their strengths for the good of the practice.

Professional Connections Crossing All Jurisdictions

The IADC Trial Academy brings together the best IADC members as faculty and the most talented and promising lawyers as students from across the nation. Students from all 50 states, the District of Columbia, Puerto Rico, Mexico, Canada, Brazil, and Ireland have participated. The group forms during the week to become a powerful network which serves as a resource for knowledge, insight, and referrals.

WITH FEWER OPPORTUNITIES FOR TRIAL EXPERIENCE, CAN YOU AFFORD NOT TO SEND YOUR FIRM'S LAWYERS TO THE PREMIER TRIAL SKILLS PROGRAM?

WHY WE ARE DIFFERENT

DEFENSE FOCUSED

Unlike many other trial skills programs, the IADC Trial Academy offers training provided by a faculty of the best civil defense lawyers. They focus on defense techniques and tactics and teach participants how to THINK like defense lawyers.

AUTHENTIC EXPERIENCES

The IADC Trial Academy realistically simulates the elements and environment surrounding a trial. Real physicians and accountants act as expert witnesses and professional actors as lay witnesses and parties to the hypothetical cases during student exercises. Faculty expert witnesses have frequent and recent experience in jury trials for clients from a variety of backgrounds and industries.

INDIVIDUALIZED INSTRUCTION

7:1 STUDENT/FACULTY RATIO

The Trial Academy is a week of both observing the best trial attorneys in faculty demonstrations and practicing with that new knowledge. Students work in groups with no greater than a 7:1 student to faculty ratio. Unlike most other trial skills programs, attendees are filmed while performing every major aspect of a trial, not just one or two exercises. The faculty members provide one-on-one guidance and constructive criticism that result in immediate and vast improvement in performance throughout the week.

Special presentations will be made by the following speakers:

- Joseph E. O’Neil, Lavin, O’Neil, Cedrone & DiSipio, Philadelphia, PA
- Mark S. Olson, Oppenheimer Wolff & Donnelly LLP, Minneapolis, MN
- Craig A. Thompson, Venable LLP, Baltimore, MD
- Quentin F. Urquhart, Jr., Irwin Fritchie Urquhart & Moore LLC, New Orleans, LA
- Chilton Davis Varner, King & Spalding, Atlanta, GA
