## FOUNDATION FORUM SPEAKER MARY ROBINSON

***Former President of Ireland, Chair of The Elders & UN Special Envoy on Climate Change***

**Sunday, February 23, 10:15 – 11:30 a.m.**

One of the world's most respected advocates for climate justice and Ireland's first woman President, Mary Robinson leads the Mary Robinson Foundation—Climate Justice, a center for thought leadership, education, and advocacy for the poor and disempowered in the world that are disproportionately threatened by climate change. A sought-after speaker whose *TED Talk* received a standing ovation, President Robinson has moved audiences around the world with her passionate and hopeful call for all nations to work together to fight for a sustainable future. Her new book, *Climate Justice*, has received glowing reviews from former world leaders and the environmental and human rights community. Barack Obama, awarding Robinson the U.S. Presidential Medal of Freedom, praised her as an “advocate for the forgotten and the ignored,” noting that she has “not only shone a light on human suffering, but illuminated a better future for our world.”

Mary Robinson first rose to international prominence as President of Ireland from 1990 to 1997. She is widely regarded as a groundbreaking and transformational leader who elevated the public role of the Irish presidency, helping to shape modern Ireland in a period of rapid and unprecedented economic growth. From 1997 to 2002, Robinson served as United Nations High Commissioner for Human Rights, also transforming that office through highly visible public advocacy. She is a founding member and currently the Chair of The Elders, an independent group of global leaders formed by Nelson Mandela to tackle the world's most pressing problems and leads The Mary Robinson Foundation – Climate Justice. President Robinson has served as the UN Secretary-General's Special Envoy on Climate Change, sounding the alarm as extreme weather events dramatically affected the world's most vulnerable populations. She served as Vice President of the Club of Madrid, chair and co-founder of the Council of Women World Leaders, serves on numerous boards including the European Climate Foundation, and chairs the newly formed Centre for Sport and Human Rights. She was honorary president of Oxfam International from 2002 to 2010 and has chaired numerous bodies, including the GAVI Alliance which vaccinates children worldwide. Since 1998, Robinson has also served as Chancellor of The University of Dublin (Trinity College). A committed European, she has been active in European Community and Irish parliamentary committees. In her earlier career, Robinson was a crusading lawyer for women's and human rights, arguing landmark cases in European and Irish courts. She has taught at Trinity College and Columbia University, served in the Irish Senate for twenty years, and co-founded the Irish Centre for European Law at Trinity College. A graduate of Trinity, King's Inns Dublin, and Harvard Law School, she holds honorary doctorates from more than 40 of the world's most elite universities and is the recipient of the Indira Gandhi and Sydney Peace Prizes.

Earning consistent praise as an unforgettable keynote speaker, President Robinson brings the thought leadership of a former head of state, a grandmother's passionately felt concern for the future, and the compelling stories of the thousands she has met traveling the world as a champion for climate justice, human rights, gender equality, and corporate responsibility. Known for touching hearts, expanding mindsets, and sparking meaningful conversation, Mary Robinson frames humanity's most daunting threat in highly solvable terms, leaving audiences hopeful and inspired to change the course of our planet's future.

### THE DEMANDS ON LAWYERS AND THE DISCONNECT WITH CLIENTS ARE A RECIPE FOR MENTAL ILLNESS – HOW TO FIGHT BACK

*Committee Sponsors: International Committee, In-House and Law Firm Management Committee, Product Liability Committee, and Professional Liability Committee*

*\*This program is eligible for substance abuse credit.*

The lawyer's job today is vastly more complex and difficult than it has ever been, and we are not fully trained and equipped to meet all the challenges. Meanwhile, firms and clients place ever increasing demands on lawyers. Workloads are large, time is small, and trust is a disappearing attribute. Demands are made, expectations are misunderstood, and frictions arise. These are all contributors to stress. Even the new legal technologies, which could relieve workload and lawyer strain, are often another cause of it. But there are solutions. For each pain point or stress contributor there is a mitigation method to fight back, be it taming the technology, changing the way we work, or fixing the disconnects with clients. In 2019, presenter Alex Geisler was asked by American Legal Media to research and write a major piece on mental health in the profession, and this discussion will explore his key findings.

**Speaker:** *Alexander Geisler, Duane Morris, London, England*

*Directly following this CLE program there will be a short Professional Liability Committee Business Meeting. Please stay if you are able. This business meeting is not eligible for CLE credit.*

7:30 - 8:30 a.m.

## EXAMINATION OF EPA'S RISK ASSESSMENT OF CHEMICALS IN THE 21ST CENTURY

*Committee Sponsors: Environmental and Energy Law Committee, Product Liability Committee, and Toxic and Hazardous Substances Litigation Committee*

Under the Toxic Substances Control Act (TSCA), as amended by the Frank R. Lautenberg Chemical Safety for the 21st Century Act, the EPA evaluates potential risks from new and existing chemicals and acts to address any unreasonable risks chemicals may have on human health and the environment, which includes much needed improvements in the area of risk-based chemical assessments.

In July 2019, the EPA began the second round of talks on the risk-based chemical evaluations, which are still in progress. The purpose of the risk evaluations are to determine whether a chemical substance presents an unreasonable risk to health or the environment under the conditions of use, including an unreasonable risk to a relevant potentially exposed or susceptible sub-population. This program will discuss the status of the risk evaluations undertaken to date including decisions undertaken and effects of such actions on defending toxic tort matters in the future.

**Moderator:** *Jodi D. Oley, Eckert Seamans Cherin & Mellott LLC, Philadelphia, PA USA*

**Speakers:** *Jeffrey A. Curran, GableGotwals, Oklahoma City, OK USA; Heather Russell Fine, Tanenbaum Keale LLP, Berwyn, PA USA; Michael Wernke, SEA, Ltd., Columbus, OH USA*

## THE MOUNTING ATTACKS ON COMPANY-SPONSORED SCIENCE, SPEECH, AND EXPERTS

*Committee Sponsors: Civil Justice Response Committee, Corporate Counsel Committee, Drug, Device and Biotechnology Committee, In-House and Law Firm Management Committee, Product Liability Committee, and Toxic and Hazardous Substances Litigation Committee*

Corporate efforts to participate in public scientific decisions are under increasing attack by the plaintiffs' bar. Recent talc and Roundup litigations included attacks on experts publishing articles challenging causation and on legitimate company participation in regulatory proceedings. Companies are being vilified in court for exercising their First Amendment right to petition/participate in public decisions, and researchers are being attacked for publishing science which supports defendants' positions. This program will address responses to such attacks, alleged "ghostwriting" allegations, and the dilemma of journals that are caught in the middle. This will be of interest to all practitioners in fields in which medical and research science is at issue.

**Moderator:** *Mark A. Prost, Sandberg, Phoenix & Von Gontard, P.C., Saint Louis, MO USA*

*Committee Sponsors: Business Litigation Committee, In-House and Law Firm Management Committee, and Product Liability Committee*

When disaster strikes (literally or figuratively) or the bet-the-company case must be defended, do you want your firm to be that “go to” firm that is pre-identified by the client and ready to roll? If so, the groundwork must be laid early and your firm needs to understand the many internal pressures in-house lawyers are facing as they react to their situation. We all want to be the firm that gets the call. Hear from a panel of lawyers who have faced these situations who will discuss how to set yourself apart from the pack and become that “go to” counsel.

**Moderator:** *R. Matthew Cairns, Textron Inc., Providence, RI USA*

### ON THE BORDER: THE ASYLUM PROCESS

*Committee Sponsors: Insurance and Reinsurance Committee, International Committee, and Social Justice and Pro Bono Committee*

While the debate regarding those who seek asylum in the United States rages, few understand the history and origins of US refugee law and how the asylum process, including the immigration courts, works. This panel of experts will provide a “boots on the ground” discussion of the history of refugee law and the asylum process, as well as current challenges to due process for asylum seekers, from the perspective of a retired immigration judge, a legal scholar, and immigration advocates from both the United States and Mexico.

**Speakers:** *Sergio Becerril Vega, Flores Rueda Abogados, Mexico City, Mexico; Lisa Frydman, KIND, San Francisco, CA USA; Professor Stephen Lee, The University of California, Irvine School of Law, Irvine, CA USA; Honorable Polly Webber (Ret.), Roundtable of Former Immigration Judges, San Francisco, CA USA*

## **MEDIATION LEADING TOWARDS ARBITRATION OR ALL THE WAY AROUND?**

*Committee Sponsor: International Arbitration Committee*

As arbitration has become more and more time and cost consuming, hybrid dispute resolution mechanisms such as arb-med and med-arb have been used more frequently, even for large and complex disputes. How should such procedures go? What are the keys to a successful outcome? ## **"NOBODY USED THIS DESIGN BACK THEN:" GETTING EVIDENCE OF INDUSTRY PRACTICE ADMITTED IN PRODUCT LIABILITY LITIGATION**

*Committee Sponsors: Appellate Practice Committee, Business Litigation Committee, Drug, Device and Biotechnology Committee, Product Liability Committee, and Trial Techniques and Tactics Committee*

It happened with airbags and electronic stability control. It is happening now with automatic emergency braking. Bring a safety advance to market, and plaintiffs will claim that prior models should have had it. How do you persuade jurors that a technology they now take for granted was infeasible, or consumers would not pay for it, back when plaintiff's product was made? Industry practice evidence, e.g. proof that competitors in the industry did not use the technology, can help ground plaintiffs' pie-in-the-sky claims and corroborate defense experts. Our experienced panel will discuss how industry-practice evidence can help and how to get it admitted.

**Moderator:** *Mary-Christine Sungaila, Haynes and Boone, LLP, Costa Mesa, CA USA*

**Speakers:** *Robert A. Brundage, Morgan, Lewis & Bockius LLP, San Francisco, CA USA; Glenn M. Zakaib, Borden Ladner Gervais LLP, Toronto, ON Canada*

Join us as we go beyond the moral and ethical cases and discuss diversity and inclusion as profit drivers and provide practical steps on how to improve your diversity, inclusion, and retention. The recent general counsel and corporate legal officers' open letter, stating that their companies will prioritize their legal spend on firms with tangible diversity and inclusion results, makes this conversation not only timely, but critical to your bottom line.

The panel will address collection and preservation challenges, spoliation, and ethics issues for lawyers advising clients reliant upon such apps. Lawyers also need to be ready for spoliation of a different variety, known as “Deepfakes,” which include video evidence altered to show the speaker saying things never said.

## BURNED-OUT OR BORED-OUT EMPLOYEES? BLAME IT ON THE COMPANY

*Committee Sponsors: Employment Law Committee and International Committee*

Causes of action are increasingly grounded in theories based upon employee well-being being impacted simply from working. In Europe, depression, anxiety, burn-out, or bore-out are widely considered as occupational health hazards for which employers are held liable. In Japan, the phenomenon of “Karoshi” (worked to death) may lead employees to seek damages when their employer fails to provide a safe and proper working environment. The World Health Organization has recently updated its definition of “burn-out” to describe it as an “occupational phenomenon.” This is an issue in its infancy in the United States. However, even if an employer is not directly liable for preventing burn-out, can it still be liable for the unsafe conditions caused by burned-out employees? Join us as we identify practical tips for reducing the significant legal risks for local and international employers due to emerging employment law theories that are rapidly coming to a jurisdiction near you and your local and international clients.

**Moderator:** *Cecilia Lahaye, Bird & Bird LLP, Brussels, Belgium*

## HEALTHCARE ENFORCEMENT AND WHY EFFECTIVE CORPORATE COMPLIANCE MATTERS

*Committee Sponsors: Medical Defense and Health Law Committee and White Collar Defense and Investigation Committee*

As part of its increasing emphasis on healthcare-fraud enforcement, the government has stressed that “strong corporate compliance programs are the first line of defense.” When things go wrong, law enforcement will “give the greatest consideration to companies that establish effective compliance programs.” The panel will discuss how DOJ rewards strong compliance, the new DOJ cooperation policy in FCA actions, how the government evaluates corporate compliance, best practices to implement and maintain a robust healthcare compliance program, and recent healthcare-fraud cases involving successes and failures of compliance.

**Moderator:** *William S.W. Chang, U.S. Department of Health and Human Services, Washington, DC USA*

**Speakers:** Shari Aberle, Optum Litigation, Edina, MN USA; Stephen J. Cox, Department of Justice, Washington, DC USA; Ryan P. McCarthy, Morgan Lewis & Bockius LLP, Philadelphia, PA USA

7:30 - 8:30 a.m.

### PUTTING ON THE GREATEST SHOW ON EARTH (WITHOUT LOOKING LIKE A CLOWN)

**Committee Sponsors:** Drug, Device and Biotechnology Committee, Product Liability Committee, and Trial Techniques and Tactics Committee

Managing the three-ring circus of evidence at trial is challenging in any circumstance and only gets more difficult when every court handles exhibits differently. Some courts follow the traditional method of laying a foundation, offering the exhibit, and having it admitted; others pre-admit everything; and still others fall somewhere in between. Those variations significantly impact the way you put on your case. How do you adjust to the variety of ways exhibits are handled in different jurisdictions? Learn from experienced trial lawyers on how to adapt to any scenario so you look like the ringmaster and not the clown.

**Speakers:** Katie S. Phang, Katie S. Phang, P.A., Coral Gables, FL USA; Steven M. Sitek, Bassford Remele PA, Minneapolis, MN USA

8:45 - 10:15 a.m.

### POLITICS AS UNUSUAL: HOW TO DEAL WITH POLITICAL ACTS AROUND THE WORLD THAT CAUSE DISRUPTION TO CLIENTS' BUSINESS ACTIVITIES AND IMPAIR THEIR LEGAL RIGHTS

**Committee Sponsors:** Business Litigation Committee, Corporate Counsel Committee, Intellectual Property Committee, International Committee, and Product Liability Committee

The world has seen an unprecedented number of disruptions caused by politics – Brexit, US government shutdown, trade tariffs, and others. These political acts wreak havoc on business activities by changing the rules midway through the game. Because of changed conditions, business activities are slowed or stopped, contracts cannot be fulfilled, regulated products cannot receive necessary approvals for safety upgrades, and intellectual property registrations may no longer be valid. When clients ask for advice on who should bear the losses and how to prevent losses arising from future political disruptions, what will you tell them? This program will discuss ways that political acts are damaging clients' business activities in the US and abroad, and legal strategies for addressing these problems and preventing them in the future.

**Moderator:** Kurt B. Gerstner, Lee International IP & Law Group, Seoul, Korea

**Speakers:** Lisa M. Floro, Coloplast Corporation, Minneapolis, MN USA; James Middleton, AIG, London, England; Manuel Moctezuma, Moctezuma Castro S.C., Mexico City, Mexico

8:45 - 10:15 a.m.

### WEATHERING THE BELLWETHERS: OPIOID LITIGATION AND BEYOND AND IMPACTS ON BOTH DOMESTIC AND FOREIGN CORPORATIONS SUBJECT TO LAWSUIT IN THE US

**Committee Sponsors:** Medical Defense and Health Law Committee and Product Liability Committee

Bellwether cases did not exist when the IADC was founded a century ago, but they have become a critical part of defending mass tort litigation in the United States, for both domestic and foreign corporate defendants. This panel will update you on the ins and outs of the bellwether opioid trials, which has become “bet the company” litigation for many pharmaceutical companies and other defendants. Using opioids as an example, we will discuss best strategies for preparing for bellwether cases, as well as hear in-house expertise on managing client expectations for such mass litigation.

**Moderator:** Scott K.G. Kozak, Armstrong Teasdale LLP, Saint Louis, MO USA

**Speakers:** Mary E. Bartkus, Hughes Hubbard & Reed LLP, New York, NY USA; Larry D. Ottaway, Foliart, Huff, Ottaway & Bottom, Oklahoma City, OK USA; Zane C. Riester, Johnson & Johnson, New Brunswick, NJ USA

10:30 a.m. - 12:00 p.m.

### HOW TO WIN YOUR CASE THROUGH VISUAL STORYTELLING

**Committee Sponsors:** Employment Law Committee and Trial Techniques and Tactics Committee

Judges and jurors expect visual presentations of cases, regardless of the types of cases before them and the forums in which you are trying them. Visual material is powerful and can help you more effectively and persuasively speak volumes through a visual narrative. Join us as we walk through each phase of the trial including opening statements, direct/cross examination, closing argument, etc. and demonstrate how to use visual media (photography, illustration, graphics, or video) and technology (TrialPad, etc.) to harness the power of visual storytelling and successfully put on your visual narrative.

**Speakers:** Robert A. Campbell, Jr., InCourt Technologies, Santa Rosa Beach, FL USA; Bonnie Mayfield, Dykema Gossett PLLC, Bloomfield Hills, MI USA; Edward S. Sledge, IV, Bradley LLP, Birmingham, AL USA; John T. Wilson, III, Dinsmore & Shohl LLP, Chicago, IL USA

## BOOK REVIEW: KILLERS OF THE FLOWER MOON: THE OSAGE MURDERS AND THE BIRTH OF THE FBI BY DAVID GRANN

*Tuesday, February 25, 10:30 a.m. - 12:00 p.m.*

In the 1920s, the richest people per capita in the world were members of the Osage nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot.

Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history. Thank you to our Book Review Chairs Andy and Jennifer Bowman.

## DATA PRIVACY AND COLLECTION

Data is collected on attendees through registration for the purposes of executing the meeting and communicating with attendees about the meeting. Meeting sponsors have access to the registration list provided to all attendees. If any attendee has questions on data use and privacy, please contact Executive Director Mary Beth Kurzak at [mkurzak@iadclaw.org](mailto:mkurzak@iadclaw.org).

## PHOTO POLICY

Photos are taken onsite at the meeting by staff and hired photographers and those photos of meeting attendees may be used in association marketing. These photos also are posted on a site accessible to meeting attendees after the meeting. If there are any photos in the online photo album that you are in and you wish to be deleted, please contact Ashley Hatfield at [ahatfield@iadclaw.org](mailto:ahatfield@iadclaw.org).

## ATTIRE

Meetings and Events: Resort casual (slacks, shorts, golf shirt, button down/blouse) is appropriate for Committee meetings and CLE programs. The Welcome Reception and other receptions call for resort casual dress, although please note that it does get cool in the evenings. For the Theme Party, come dressed as your favorite movie star (see page 12) or in casual resort attire. For the final night's Dinner Dance, cocktail attire is requested.

Golf course attire: Proper golf attire is required. No jeans or cut-off shorts. No metal spikes allowed.

## EASY PAYMENT OPTIONS

For your convenience, all registration and activity fees may be paid by check, wire transfer, Visa, MasterCard, or American Express. If paying by check, please make sure it is in U.S. currency and mail it to the International Association of Defense Counsel, 303 West Madison Street, Suite 925, Chicago, IL 60606. If paying by wire transfer, please contact Mary Huang, Staff Accountant, at [mhuang@iadclaw.org](mailto:mhuang@iadclaw.org) for wire transfer details.

## IADC CANCELLATION POLICY

A CASH REFUND, less a \$150 processing fee, will be made if a written notice of cancellation is received by the IADC office more than thirty (30) days prior to the first day of the meeting. No reason for the cancellation need be provided for a timely notice of cancellation.

NO CASH REFUND will be made if notice of cancellation is received by the IADC office thirty (30) days or less prior to the first day of the meeting. However, if special circumstances arise before the meeting which prevents attendance, a member may request a future meeting credit. The request needs to be in writing and submitted to the IADC office. It should be directed to the Finance Committee's attention and note the special circumstances which caused the cancellation. The credit request can only apply to meeting registration fees (not air, hotel, activity, tour, or special event fees) and, if approved, will be valid for use toward any IADC meeting for one (1) year from the date of the meeting for which credit is requested. A \$150 processing fee will be deducted from the total future meeting credit.

All future meeting credit requests will be considered by the Finance Committee and the decision of that Committee will be final.

You must register for the meeting with the IADC prior to reserving rooms at the hotel. You will receive a secure reservation web link with your meeting confirmation that will allow you to reserve rooms at The Inn at Spanish Bay. Register for the meeting at [www.iadclaw.org](http://www.iadclaw.org) or fill out this form and mail or fax to the IADC, or email Maria Juarez at [mjuarez@iadclaw.org](mailto:mjuarez@iadclaw.org).

By checking this box, I agree to provide the IADC with the contact information required on the form to register myself and my guests for this meeting. The information will be used for the purposes of providing meeting benefits included in the registration fee, for registration lists circulated to attendees and sponsors, and for contact before and during the meeting regarding meeting events.
