

Celebrating
100
YEARS

2020 *Virtual* **ANNUAL MEETING**

MONDAY, JULY 6 - FRIDAY, JULY 10

WELCOME AND REGISTRATION

Planning Team Dominic Campodonico and Matt Stitham; Amy Sherry Fischer and Tim Fischer; Sheri and Andrew Chamberlin

While this year's Annual Meeting is not what we originally planned or expected, we are very excited to have the ability to host a virtual mini-version. This will allow us to still connect, meet new people, learn, and have some fun.

The 2020 Virtual Annual Meeting will be held Monday, July 6 to Friday, July 10 and we will be offering several substantive and social events daily. We will begin the meeting with our Opening Session and end with our Closing Session. Please be sure to attend these important meetings at which the business of the Association will be conducted, including nominating and voting on our new Board members. Offerings throughout the week will include some of our favorite aspects of IADC Annual Meetings – CLE programming, social gatherings, the book review, and activities for the whole family. A "Schedule at a Glance" is on the next page, and details on the entire meeting follow.

Registration for the Virtual Annual Meeting is complimentary – you'll just need to register for the individual events you wish to attend. Important registration details are below.

Knowing that some of the scheduled times for activities won't work for everyone, we have made July our International Regional Meeting month. Throughout the month, we will host numerous virtual Regional Meetings where our members all around the world can socialize and network, meeting at ideal times in their time zones.

While we can't physically be together, we are looking forward to engaging and interacting with so many of you over the course of our Virtual Annual Meeting week.

Finally, Tim and I cannot thank our Convention Chairs Dominic Campodonico and Matt Stitham enough for the hard work and creativity they put into the amazing Centennial Celebration we had planned for you all this summer in Chicago. The support they provided while we made the difficult decision to cancel the in-person Annual Meeting was immeasurable and the enthusiasm they've had for bringing this Virtual Annual Meeting to life has been infectious. They have become dear friends and are true assets to the IADC.

"See" you soon!
- Amy and Tim Fischer

Registration is available **online only**. All sessions are complimentary and will be held via Zoom.

CLE PROGRAM -- NOTHING TO HIDE: HOW 100 YEARS OF TECHNOLOGICAL ADVANCES IMPACT PRIVACY

Committee Sponsor: Cyber Security, Data Privacy and Technology

Committee Co-Sponsors: Drug, Device and Biotechnology, Product Liability

A century ago, new technologies changed the way we live, including Ford's automobile, commercial airplanes, and television. Since then, technology has continued to advance. Today, smart surveillance cameras, fingerprint security, and facial recognition "protect" our devices, homes, and communities, but these same technologies are covertly collecting our personal data. The prevalence of data capture has grown at an alarming rate, threatening both personal privacy and corporate information governance. This panel will trace the origins of current privacy laws, beginning with *Weeks v. United States* (1914) (exclusionary rule for fruits of warrantless search), *Olmstead* (1928) (wiretapped conversations), and *Katz* (1967) (eavesdropping device), and moving to *United States v. Jones* (2012) (GPS tracking device) and finally to *Carpenter* (2018) (geolocation data). This panel, complete with a technical expert in these technologies, a private investigator whose information about hidden technologies will enlighten/frighten us all, and both inside and outside counsel, will help you enter the next 100 years with your eyes wide open and well-equipped to help your clients protect privacy rights in an era of nonconsensual data collection, embedded errors and biases, and inadvertent disclosures.

CLE PROGRAM -- THE USE OF GENETIC TESTING IN THE COURTROOM

Committee Sponsor: Intellectual Property
Committee Co-Sponsors: Business Litigation, Cyber Security, Data Privacy and Technology, Drug, Device and Biotechnology, Insurance and Reinsurance, Product Liability

With the advent of inexpensive direct-to-consumer DNA-testing kit services on the market, personal genomics usage has exploded. Millions of people have submitted their DNA samples to genetic testing companies in order to gain insights into ancestry and risk factors for genetic diseases. As a result, commercial genetic testing companies have collected extensive databases of DNA information. This wealth of data may be shared with law enforcement and be the subject of civil discovery requests. Law enforcement's own ability to conduct increased genetic testing and analyze those results to solve crimes has also greatly improved over the years. We will discuss how genetic testing results are being used in courtrooms throughout the country and even the world, and how you might be able to use genetic testing in your trials.

NOMINATING COMMITTEE INFORMATION

The Nominating Committee will receive comments via Zoom video conference during the Virtual Annual Meeting. The Committee will nominate candidates to fill the following positions: President-Elect, Vice President of International, and three new Board members.

The Nominating Committee will be meeting throughout the day Tuesday, July 7 and Wednesday, July 8 to allow for times convenient to members around the world. Members will sign up for a five-minute appointment. Opening hearing times are listed on the Schedule at a Glance page and on the Virtual Annual Meeting Schedule pages. **Please note appointment times are listed in central daylight time (CDT).**

To sign up for a time, please email Executive Director Mary Beth Kurzak at mkurzak@iadclaw.org with the following:

- Your top three requests for dates and times to speak to the Committee (see dates and times listed on the previous pages mentioned). All appointments are made on a first come, first served basis.
- Your mobile phone at which you can be reached by the Committee by text or phone if needed.
- If you want an assistant copied on the appointment, please provide their email.

Once the appointment has been set, you will receive a confirmation email and calendar appointment from IADC staff.

A few days before your appointment you will receive a follow up with the instructions for the Zoom meeting.

SOME SUGGESTIONS FOR APPEARING BEFORE THE NOMINATING COMMITTEE:

- 1. Use Your Time Wisely.** You only have 5 minutes and can use it as you deem fit, but please try to be concise so the Committee has time to ask you follow-up questions.
- 2. Focus Your Comments.** There are 5 open seats: President-Elect, Vice President of International, and three Members of the Board of Directors. You may comment on all or any position(s). The Committee is likely to benefit more from focused comments about specific positions.
- 3. Order of Presentation.** Feel free to address candidates in any order, but the Committee would generally prefer your comments in the following order:
 - President-Elect
 - Vice President of International
 - Members (3) of the Board of Directors
- 4. Incoming Board Members - Blocked States/Provinces/Countries.** Please be aware that candidates from the following US and Canada states/provinces or other countries are currently blocked per the bylaws due to the existing Board constituency: Rhode Island, Louisiana, Mississippi, Michigan, Texas, and Tennessee in the United States and France. Please take this into consideration as you prepare your comments.
- 5. Tell Us What Makes a Difference.** We are blessed with two outstanding candidates for the position of President-Elect and many good candidates for Vice President of International, and new Board Members. With your limited time, try to focus your comments on the characteristics of a particular candidate that distinguishes them as the best person for a particular position.
