

THANK YOU TO OUR SPONSORS

We could not provide as many member benefits without their support! When you are looking for a service partner, please contact our sponsors and let them know that you know them through the IADC!

2025 PRODUCT LIABILITY ROUNDTABLE EVENT SPONSORS

ESi is an engineering investigation and analysis firm uniquely positioned to meet the varied and often specialized needs of our clients. Our consultants pair technical expertise with in-depth industry knowledge to ensure that we are responsive and relevant in the services we provide. With highly qualified personnel and state-of-the-art test facilities, labs, and equipment, ESi provides clients with

access to our full range of engineering capabilities, and can assemble the right team for virtually any project.

Know.

A powerful resource in litigation for more than 50 years, S-E-A is a multi-disciplined forensic engineering, fire investigation, product testing, and visualization services company specializing in failure analysis. S-E-A's full-time staff consists of licensed/registered professionals who are experts in their respective fields. S-E-A offers complete investigative services, including: marine, mechanical, biomechanical, electrical, civil and materials engineering, as well as fire investigation, industrial hygiene, toxicology, visualization services, and health sciences — along with a fully equipped chemical laboratory. Together, these disciplines interact to provide thorough and independent analysis that will support any subsequent litigation.
