

## THANK YOU TO OUR SPONSORS

We could not provide as many member benefits without their support! When you are looking for a service partner, please contact our sponsors and let them know that you know them through the IADC!

**Our Core Connection Sponsors have invested in IADC meetings throughout the year. Thank you to them for their significant commitment.**

**Know.**

### CORE CONNECTION LEVEL ONE

A powerful resource in litigation for more than 55 years, S-E-A is a multi-disciplined forensic engineering, fire investigation, product testing and visualization services company specializing in failure analysis, with over 350 employees and 18 locations nationwide. S-E-A offers complete investigative services, including: marine, mechanical, biomechanical, electrical, civil and materials engineering, as well as fire investigation, industrial hygiene, toxicology, visualization services, digital forensics, vehicle dynamics and health sciences. Should animations or graphics be needed, S-E-A's Imaging Sciences team can work closely with field staff to clearly depict what really happened. Together, these disciplines

interact to provide thorough analysis that will support any subsequent litigation.

### CORE CONNECTION LEVEL TWO

It's rare for an organization to successfully combine intelligence and insights with practical know-how. At BRG, this synergy is central to how we work and who we are. We call it Intelligence That Works. Founded in 2010, our experts provide

testimony and consulting services on an array of topics in complex litigation. With over forty offices across six continents, BRG's network of top-tier professionals includes industry experts, renowned academics, and respected data scientists, bringing a breadth of real-world experience to address the complex challenges facing organizations today. For every engagement, we handpick expert teams to serve each client's specific requirements.
