

## **Julie A. Coletti**

Julie is an experienced life sciences executive, general counsel and chief compliance officer with a proven track record of building business focused teams that deliver results. Most recently, Julie was Vice President and Global General Counsel of a \$3 billion platform at Danaher where she led a team of over fifty legal, intellectual property, compliance, environmental health and safety and trade professionals. Under her leadership, the team leveraged Danaher Business Systems' tools to create sustainable processes and drive and measure results. Prior to Danaher, Julie was Vice President and Chief Legal Officer at Bayer HealthCare's MEDRAD/Radiology and Interventional Division. Before her role as a Division Counsel, Julie managed bet-the-company litigation for Bayer. Prior to Bayer, she was Assistant General Counsel and Vice President of Market Development for Strategic Energy, the third largest B2B electricity provider in the country. Julie spent the early part of her career practicing at LeBoeuf, Lamb, Greene and MacRae where, among other things, she represented Alcoa under a novel fixed fee relationship.

In 2017, Julie received the American Conference Institute's Women in Life Sciences Empowerment Award which is presented each year to one exceptional Life Sciences Industry visionary who takes the industry to the next level with commitment and with diversity initiatives. She was also one of five associates to receive a Trailblazer Award in recognition of her strength in Danaher's leadership anchor charting the course for her ability to inform and influence others to take action on key initiatives. She was selected by National Diversity Council, Pennsylvania Chapter as one of the Most Powerful and Influential Women in Pennsylvania in 2011 and 2012. She is currently on the Board of Directors, Executive Committee and Chairs the Governance Committee of the Humane Animal Rescue which operates one of the largest urban animal shelters in the country.
