

**Dr. Anamaria Popescu, PE, PMP, PSP**

Dr. Anamaria I. Popescu is a Director of BRG's Construction Practice based in Denver, CO. She is a construction arbitrator with the AAA and a licensed Professional Engineer with more than 23 years of experience in project management, construction claims, schedule delay analysis, project controls, and contract management. She holds a PhD from the University of Texas in Civil Engineering. Her doctoral thesis was on Forensic Schedule Analysis. She is also the Chairman of the Society of Construction Law North American Chapter that was newly founded in 2017.

Dr. Popescu's project experience includes power generation, natural gas drilling, pipelines, petrochemical and process plants, oil and gas production platforms, mining, water treatment plants, airports, telecommunications, and commercial construction in Australia, Canada, United States, Mexico, South America, South Africa, and China. As an Expert Witness, she has written numerous expert reports that led to successful settlements as well as testified in international arbitration hearings and dispute review board proceedings regarding delay and disruption claims. She has taught seminars on scheduling, effective project controls, and dispute avoidance in the United States and internationally. She speaks fluent Romanian and intermediate Spanish.
